# A diversified enterprise with complementary yet distinct business platforms

## Our mission

Helping people live healthier lives and helping make the health system work better for everyone

## UNITEDHEALTH GROUP®

**UnitedHealth Group** is a health care and well-being company, with two distinct and complimentary businesses working to help build a modern, high-performing health system through improved access, affordability, outcomes and experiences.

**Optum** delivers care aided by technology and data, empowering people, partners and providers with the guidance and tools they need to achieve better health. UnitedHealthcare offers a full range of health benefits, enabling affordable coverage, simplifying the health care experience and delivering access to high-quality care.

- UHG is the only company, amongst its peers, that has been recognized by both Civic 50 and Dow Jones Sustainability World and North America indices, since these respective initiatives began in 2012 and 1999. Read more about sustainability at UHG [here](#).
- Detailed investor information is available [here](#). Download our 2021 Investor Conference Book [here](#).

\*2021 post-call survey

# Optum in India

**One of the fastest growing digital health technology companies in the country**

Optum was established in India in 2002.

Through our India operations, we serve as a high value partner for the enterprise, with the potential to augment health care operations globally. Established in 2002, as one of the first global geographies, the India operations leverage a "team of teams" approach across our 30K+ workforce that architects and delivers end-to-end technology enabled solutions to our clients.

We are uniquely positioned to fuel the UnitedHealth Group and Optum agendas around profitable growth, consumer-centric engagement, digitization and analytics.

Our operations and technology capabilities, bolstered by over 2,000 targeted processes, span the entire health care value chain and are augmented by advanced analytics and automation solutions

Optum has state-of-the-art delivery centers across 5 cities: Gurugram, Noida, Hyderabad, Bengaluru and Chennai.

**1** Optum Global Solutions

**2** XLHealth

# A bird's eye view of our services and capabilities

## Business process solutions

Our operations' teams in India work on transformative solutions across product/benefit configuration, network management and end-to-end claims processing, including appeals and grievances, billing & enrollment, medical coding, revenue cycle management and provider data operations.

To deliver measurable and sustainable performance improvement across all services, our teams are enabled by the transformational capabilities inbuilt in business excellence, operational excellence, learning and development, transitions, business quality and workforce management functions.

## Technology, analytics and automation

India is home to the largest technology team for Optum outside of the United States of America. We pursue technology as a unifying force, bringing together deep industry expertise with data, advanced analytics, reengineering and automation, and emerging technology. By adopting technologies such as artificial intelligence, deep learning and natural language processing, we deliver quality, innovation, speed, and scale at comparatively low costs.

Our comprehensive IT delivery, product and data engineering, and advanced research and analytics capabilities include, application, and development, testing and data warehousing, quality engineering,

\*Advanced analytics, reengineering and automation

cloud engineering, information security, robotic process automation, product development and management, global applied research, big data analytics, data science, clinical analytics, reporting and business intelligence, fraud, waste and abuse, payment integrity and more.

**Two Brandon Hall awards:**  
Gold award for 'best use of blended learning'  
Bronze award for 'best unique or innovative learning and development program'

**Recognized as one of 'the best organizations for women 2022' by Economic Times**

**Recognized by Avtar and Seramount for the fifth year in a row as one of the '100 best companies for women in India (BCWI) 2022'**

**Silver award for 'business transformation impact' at SSON Shared Services and Outsourcing Impact Awards**

# Our united culture

Our united culture brings us together and our values guide us, inspire our behaviors and hold us together as individuals and as an organization

## Integrity

Honor commitments.  
Never compromise ethics.

## Compassion

Walk in the shoes of people we serve and those with whom we work.

## Relationships

Build trust through collaboration.

## Innovation

Invent the future and learn from the past.

## Performance

Demonstrate excellence in everything we do.

## Celebrating our people, ideas and experiences, and creating a culture of inclusion and diversity

**Fostering an inclusive, equitable and diverse environment** – We promote education, ongoing dialogue, connection and awareness to mitigate unwelcome bias and support every employee to bring their authentic self to work.

Sustaining high performance and resilience by **supporting employee well-being** – We take a holistic approach to our employees' wellbeing, supporting both their physical and mental health. All employees have access to **Sanvello**® – a self-service digital solution.

**Developing and growing our talent** with robust virtual onboarding and digital self-assessment tools – Our talent development initiatives provide employees with learning experiences, formal and informal education, and mentoring opportunities to grow their skills and careers.

UnitedHealth Group was named to Forbes' list of America's 500 best large employers for 2022.

UnitedHealth Group received a perfect score of 100 on the Human Rights Campaign Foundation's corporate equality index 2022, earning the distinction of one of the 'best places to work for LGBTQ equality.'

The Disability Equality Index® (DEI) has named UnitedHealth Group one of the best places to work for people with disabilities in 2021.

UnitedHealth Group was the top ranked company in the insurance and managed care sector on Fortune's 2022 'world's most admired companies' list for the 12th consecutive year.

# Diversity, Equity and Inclusion (DEI)

## Our culture brings us together

At Optum, our mission calls us, our values guide us, and our diverse culture connects us as we seek to improve care for the consumers we are privileged to serve. Our core values of integrity, compassion, relationships, innovation and performance steer our actions and interactions.

DEI is an integral part of our organization culture. It is woven through our business processes, policies, learning and development, and performance. We know that our individual and collective contributions are magnified when we value, embrace and learn from a range of people and perspectives.

**Our mission calls us.**

**Our values guides us.**

**Inclusion and diversity fuel us.**

## Our DEI vision

Our vision is to create an innovative culture where every team member is empowered to do their life's best work, where our diversity fuels our performance, and where we leverage our collective power to help people live healthier lives and make the health system work better for everyone.

## Growing and developing our diverse talent

Taking a data-driven approach to setting priorities and measuring progress, we leverage insights to improve hiring, development, engagement and retention of our diverse talent. Our employee surveys help us better measure and understand employee sentiment related to fairness, affirmation, safety, identity and connection. We promote:

- **Recruiting practices and integrated programs that prepare** and bring diverse communities to our workforce, including LGBTQ+, people of all ages, and people with disabilities.

SOAR (Strength - Opportunities - Aspirations - Results) - our return-ship program supports gender diversity. Similarly, our veterans' program is focused on talent from the armed forces

- **Equal and fair access to opportunities, resources, and a safe work environment** for people from the LGBTQ community and people with disabilities.
- **Career advancement** with programs such as United Women Leading in Technology (UWLIT) forum to support gender diversity across technology career paths, UHG Women Invent to enhance patent diversity, and more.

- **Learning solutions** on interacting and working with diverse talent, including trainings on unconscious bias, mindfulness in the workplace etc.
- **DEI awareness through forums and speaker sessions** on themes of gender equality, overcoming resistance, and bias and its impact on women's journey to leadership, to name a few.
- **Favorable policy changes** include, extending health insurance coverage for same gender partners, and covering advanced fertility treatments like IVF. We have gender agnostic parental leave to allow 26 weeks paid leave, also covering adoption/surrogacy
